

Use of Club Boats

Here's an interesting fact that I'll bet many members don't know. WRSC owns quite a few boats and they're available for use by individual members. The available fleet of boats consists of:

- 12 Optimists
- 6 Club 420s
- 2 Flying Scots
- (1 Canoe &) 4 Kayaks

The rules for using the boats are:

- (Reserve the boats by indicating the date and time on the calendar posted for that purpose on the Executive Board bulletin board.)
- There is no fee for using club kayaks and sailboats.
- Boats can be used by members during daylight hours.
- Boats must be returned to the club each day. Don't keep the boats out overnight.
- Navigation is limited to the West River and its tributaries.
- All people aboard the club boats must wear U.S.C.G approved personal flotation devices.
- Move boats only by water and only under their own propulsion. Kindly don't tow them with, or carry them on, a vehicle or vessel.
- Report any damage, missing equipment, or problems with the boat to the Fleet Captain

Have a great time!
